Dear Sir,

I refer to the attached documents which you have returned to me. I would like to state that this is not a disclosure document as cited by your department.

This is a request for substitution for a Patent Application which was submitted with details below. (Also see receipt)

Application Date: 08/18/99
Application Number: 09/376,381

About the errors.

I only discover the typo error 3 weeks later (after taking a break) but at that time I did not have the status of my application such as application number and so on. Therefore you might have mistaken that this is a Disclosure Document when in fact it should form part of the Patent Application cited above by substituting FIG 2 with the attached FIG 2 where acceptable. There is no modification to a similar figure except for two alphabets, which was switched around by a tab error.

I hope you understand my anxiety to get this fix as soon as soon as possible. I have also check and all papers used are A4 sizes. Thanks

Regards

Khai Hee KWAN
